Reminder of PSIA Operating Policy

Antitrust

The discussion should not address market allocation, pricing, or similar anticompetitive matters.

Intellectual Property

If a participant knows his or her company has patent claims that cover a portion of the spec or standard under discussion, he or she is obligated to disclose those claims, and the company must either agree to negotiate RAND (Reasonable and Non-Discriminatory) license terms or the WG will have to try to work around the claims (and the company may be asked not to participate further if this happens repeatedly).
