Reminder of PSIA Operating Policy

Antitrus

The discussion should not address market allocation, pricing, or similar anticompetitive matters.

Intellectual Property

If a participant knows his or her company has patent claims that cover a portion of the spec or standard under discussion, he or she is obligated to disclose those claims, and the company must either agree to negotiate RAND (Reasonable and Non-Discriminatory) license terms or the WG will have to try to work around the claims (and the company may be asked not to participate further if this happens repeatedly).

Agenda:

- 1. Implementation Guide advice from the troops at ISC West (status)
- 2. Test Tools what will be available?
- 3. PLAI website who has implemented
- 4. ASIS Planning
- 5. Promotion and marketing
- 6. Webinar facilitation
- 7. Next meeting/time

Attendance:

- Mohammad Soleimani, Kastle Systems
- Jeffrey Longo, Kastle Systems
- David Bunzel, PSIA
- Dave Adams, HID Global
- Darren Bain, RightCrowd
- Steve Bell, Gallagher
- Ken Larson, Z9 Security

Discussion:

- Meeting opened at 5pm EST
- Thanks was expressed to the technical folks who ensured the PLAI
 demonstration at ISC West performed so well. Learning from them where the
 challenges were and what could be improved will be an activity going forward
- Peter Thomas has volunteered to provide an integration guide together in the next month or two based on his experiences doing a ground-up PLAI integration
 Darren Bain to assist in this process
 - Aiming to have an initial framework sooner than a couple of months with details to be fleshed out as Peter Thomas has the time to complete them
- PLAI Test tools are in process of wrapping up development. They are an update
 to the existing test tools for Area Control that would test against the PLAI profiles.
 Targeting an imminent release for review as early as 4/30/2015.
- PLAI website being worked on to provide better information and guidance to vendors and partners who want to participate. Provide feedback to Darren, Debbie, or Dave.
 - PLAI is not a specification it is a profile of the Area Control Specification
 - Details of the PLAI profile can be found in the appendices of the Area Control Specification
 - 4-6 weeks to get a demonstration implementation in place not Production ready
- What do we want to do for ASIS?
 - Mohammad feels the original 4 goals of PLAI have been accomplished.
 What do other people want to plug into PLAI?
 - Mohammad further suggested that there had been discussion of an SNMP gateway
 - Suggestions requested by the end of the first week of May.
- Discussion about marketing and promotions
- Seeking webinar platform to facilitate PLAI webinars to potential partners and others - if any members have suggestions for that please advise.
- Meeting closed at 6pm EST.

New/Open Action Items:

- (new 4/29/2015) Update website with verbiage on how to get more details on PLAI and how to progress an implementation. Suggestions for website changes requested by end of the first week of May (please send to Dave Bunzel)
- (opened 3/4/15) Microsoft to check on availability of LDAP/Active Directory expert to bless our efforts and confirm we are on the right track. Follow up with Shayne Bates required.
- (new 4/29/2015) Seeking webinar platform suggestions.
- (new 4/29/2015) PLAI demonstration and activities at ASIS 2015 need t be planned for.
- (new 4/29/2015) PLAI Implementation guide development.

Closed Action Items

Closed action items will be removed after 1 week of appearing as closed in the minutes

None this week

Next Meeting: May 13, 2015 5pm EST
