Reminder of PSIA Operating Policy
Antitrust
The discussion should not address market allocation, pricing, or similar anticompetitive matters.

Intellectual Property
If a participant knows his or her company has patent claims that cover a portion of the spec or standard under discussion, he or she is obligated to disclose those claims, and the company must either agree to negotiate RAND (Reasonable and Non-Discriminatory) license terms or the WG will have to try to work around the claims (and the company may be asked not to participate further if this happens repeatedly).

Agenda:
1. Minutes of last meeting
2. ASIS review
3. Planning for next steps and ISC West 2016
4. Any other business
5. Next meeting/time

Attendance:
- Darren Bain, RightCrowd
- Dave Bunzel, PSIA
- Shayne Bates, Microsoft Global Security
- Jeff Longo, Kastle Systems

Discussion:
- Meeting opened at 5:00pm EST
- The PLAI session and discussions at ASIS were discussed
  - The session was seen to have been very successful with about 50 attendees and good presentations and discussions afterwards
- A request to get more ASIS activities involved with PLAI was made (ASIS chapter events etc.) and Shayne advised that he would follow that up and advise
- What we should aim to demonstrate or present at ISC West 2016 was discussed and it was generally agreed that a demonstration of PLAI working with the east-bound interfaces would be a great next step

- Examples such as badging in to a reader and then seeing lights go on, or a fan start or stop were suggested. This will be further explored in coming meetings with input from other PLAI WG members
- The idea of a plug-fest for ISC West was also discussed and further interaction on this is required
- Meeting closed at 5:45pm EST

New/Open Action Items:
- (opened 8/19/2015) Dave Adams advised that HID are looking to follow the process and will advise when this might occur (a discussion was also held on getting another vendor who is already a part of the PLAI group to follow through the new implementation guide and process as a way of giving first hand feedback on the experience and if further changes could be made to improve it)
- (opened 10/14/2015) Shayne to advise on what other ASIS events we can promote PLAI at

Closed Action Items

Next Meeting: October 28, 2015 5pm EST (India meeting to be scheduled for 9:30am PST the same day)
